A search is on foot for Chapman Chilton, fifteen years of age, who has been missing from his home, at Third and D Streets northwest, since Wednesday last.

Another charge of theft has been made against Robert Grady, who is accused of having snatched a purse from Mrs. W. B. Boggs, on L Street, last Wednesday night. After a rather stormy career in this city, Charles Roberts, a runaway youth of twenty years, was arrested by the police yesterday afternoon, and later returned to his home in Frederick, Md. He had been to the White House, where he demanded to see the President, but was sent away.

## TWO MORE THEATERS TO BE BUILT HERE

One to Cost a Million, the Other \$400,000, and to Be Ready Next Winter.

Washington is to have two new theaters, of the most modern type, where only productions of the most pretentious kind will be presented. The plans and specifications of the new playhouses have been drawn up and are on exhibition in the office of Frederick Wright, a local architect. P. Thornton Maye is the architect of the two buildings. If the plans of the prospective builders are carried out it is believed that one of the houses will be all ready for occupancy by November of the present year. The proposed Washington theaters will be fireproof and strictly modern. The National Building and Construction Company, of Philadelphia, has the contract to erect the two houses. It is said that Philadelphia capitalists put up all the money for the erection of the first theater, while local men will build the second. The first theater, which will also be an office building, will be built on the same lines as the Colonial Theater in Boston, which is said to be one of the finest in the East. The front of the theater will be of white granite, with bronze trimmings. The stone for the front will be specially quarried, as one of the members of the syndicate is also president of a granite quarry in a New England State. Provisions will be made for the addition of a roof garden to the theater, because the controllers of the house might at some future time take a notion to present that form of summer amusement.

As yet the sites of the theaters have not been made public, but it is believed

that one will be located between Thirteenth and Fifteenth and New York Avenue and F Street. It has been said semi-officially that the property adjoining the Epiphany Church, near Thirteenth and G Streets, will be selected as the site for the largest one.

The house will be built to accommodate about 2,500 people. Half a dozen boxes will be built on the sides of the stage, on the main floor. About thirty smaller mezzanine boxes will form a half balcony, but there will be no stage boxes in the mezzanine or upper balconies. The stage will be larger than any at present in Washington. By the 1st of next month the funds for the venture will be available, and work will be begun about April 1. One million dollars is what the new building is to cost. The other theater, which will be built about the same time, will, it is believed, be erected somewhere in the vicinity of Jackson Square. It will cost about \$400,000, and, unlike the larger house, it will be used exclusively as a theater, there being no offices located on its upper floors. A Pennsylvania Avenue site is also said to be under consideration, but as yet a price has not been agreed upon, nor have the holders of the property stated positively whether or not they wish to sell.

P. B. Chase, proprietor of the local vaudeville house, has already had plans made for a new theater here. He proposes to install an up-to-date stock company, composed of the best possible theatrical talent procurable.

## GRIST FROM POLICE COURTS.

A verdict in favor of the Metropolitan Railroad Company was returned yesterday in Circuit Court No. 2. Justice Clabaugh presiding, in the suit of Elizabeth Shyne for \$50,000 damages for personal injuries alleged to have been sustained while leaving a car while in motion.

The will of Teresa M. Osborne, filed for probate yesterday, decrees that the residence at 1425 W Street northwest is to be sold and the proceeds of the sale are to be divided equally among her children, Marie T. Osborne, Beatrice M. Osborne, and Charles Osborne. Joseph Burkhardt is named as executor.

Indictments against Clement Smallwood for murder, Thomas A. Smallwood for housebreaking, Agnes Carver, violation of section 807 of the District code, and Ed. McCarthy, Jr., for false pretenses, were returned by the grand jury yesterday.

In the petition of Janet Scott against Edward Scott for divorce Justice Gould has dismissed the petition on the ground that the subpoena issued was not sufficient to secure the jurisdiction of the court over the person of the defendant.

The La Tosca Social Club filed a certificate of incorporation with the Recorder of Deeds yesterday. Andrew Peters, Samuel Taylor, and Albert Johnson are the incorporators.

A debtor's petition was filed with the District Supreme Court yesterday by Charles H. Kettler, a butcher and meat dealer of this city. The amount of his indebtedness is \$5,000 with assets amounting to \$7,677.

## SEEKING TO BE RELIEVED

## FROM PAYMENT OF TAXES

In a bill of complaint filed today with the District Supreme Court, George E. Hamilton and Michael J. Colbert bring suit against the District of Columbia to be relieved of the charges made for taxes on the complainant's property for the year of 1882, for the second half of '83, '85, '86, and for '88, for the reason that these charges are outlawed. The complainants ask that an injunction be granted restraining the District of Columbia from instituting proceedings to recover the property or to sell the same. The land in question is a part of lot 15, in square 487, and the taxes in arrears amount to over \$500.

## GEORGE H. PLANT'S ESTATE DIVIDED AMONG CHILDREN

George H. Plant, in his will of June 26, 1901, filed for probate yesterday, gives to Mary J. Cowling, lot 53, in square 189, improved by a house, 2010 1/2 Fifteenth Street northwest, and all household furniture, not including family portraits, together with a crayon portrait and oil portrait of his first wife. On the death of his daughter, the oil portrait becomes the property of George H. Plant, Jr.

To Laura Virginia Cowling, lot 7 in square 339 improved with the premises, 1315 Eleventh Street northwest.

To Andrew Clinton Plant an oil portrait of the testator. The remainder of the estate goes to the daughters and son, George H. Plant, Jr., to be divided equally.

The National Safe Deposit Company is appointed executor.

## IDA LITTLE STEVENS' WILL

## LEAVES PROPERTY TO FAMILY

Ida Little Stevens, in her will dated November 28, 1900, and filed yesterday, gives in trust to her daughters, Ida L. Stevens and Isabel Stevens, \$50 a month each, and to her sons, Albert Howard Stevens and George Woodbury Stevens, \$25 a month each. The remainder of the estate is left in fee simple to her husband and children. One-tenth of the amount left in fee simple the deceased desires them at their pleasure to give to a charity as a memorial of her. The National Savings and Safe Deposit and Trust Company is appointed executor and guardian. The executor is to sell the property on Columbia Road to secure the payment of the first two bequests.

## LEGION OF LOYAL WOMEN

## AT HOME TO THEIR FRIENDS

## MRS. HUGHES' ESTATE IN RECEIVER'S HANDS

Court Overruled Demurrer of Edward G. Niles and Grants Injunction.

Justice Hagner yesterday signed a decree overruling the demurrer of Edward G. Niles and others to the petition filed by the United States Trust Company of New York asking for the appointment of receivers for the estate of Louise Beauchamp Hughes. The Washington Loan and Trust Company is appointed receiver by the order, to hold all moneys received by the defendant, amounting to over \$60,000, and all paintings, precious stones, and other chattels, and orders the defendant, Edward G. Niles, to deliver the same.

An injunction is granted the defendant to prevent disposal of any of the property. If the settlement of the affairs of Mrs. Hughes should result adversely to the contention of the United States Trust Company of New York, Niles is to be recompensed for all damages suffered by him from the date of the injunction to the final settlement.

## BANDA ROSSA CONCERT

## WAS WELL ATTENDED

The artistic success of the initial concert by the Banda Rossa served to bring out an audience of greater proportions to its second recital yesterday afternoon at the Columbia Theater, when a program of mixed compositions was pleasingly interesting.

Band concerts have been frequent in Washington this season, and the fact that they are well patronized is proof that the local musical public is fond of this kind of entertainment. The band's numbers yesterday included the overture to Von Suppe's "Poet and Peasant," a popular composition with band leaders and public. "The Kansas City Spirit," by Sorrentino, was used as the opening number, and two compositions by Carestia were played under the direction of the composer.

The Banda Rossa will give two concerts tomorrow, one at 3 o'clock and another at 8 p. m. The latter will comprise Wagner compositions, and is expected to be unusually interesting.

## LOUISIANIANS FORM CLUB.

An organization to be known as the "Louisiana Association," consisting of Louisianians living in this city, came into existence at a meeting held at 719 Sixth Street northwest last evening. J. E. Coulton was elected president; Capt. W. C. Chenaugh, vice president, and L. S. Boyd, secretary. The object of the association is to advance social intercourse among its members.

How long will it take the man to fill the sack if he does not stop the leak? To attempt to nourish the body when the stomach is diseased is like trying to fill the sack with the hole in it. When the stomach and other digestive and nutritive organs are diseased, there is a constant loss of nutrition.

Enough is eaten but the body loses flesh, plain proof that the food eaten is largely wasted because it is not digested and assimilated. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It stops the leaks by which nutrition is lost, and enables the building up of the body by the nutrition derived from food. The gain in weight proves the cure.

"Three years ago I was taken sick with what the doctor called nervousness and indigestion," writes Mrs. Warren E. Parker, of Orange Street, Nantucket, Mass. "He gave me medicine for the trouble, but I could not eat even a little toast or oatmeal without suffering severely. In a few months I began to have distressing pains right in the pit of my stomach. I called the doctor again and he said I had catarrh of stomach; gave me medicine but it did not do any good. I lost 26 pounds in three months. I then commenced taking Dr. Pierce's medicine and soon began to feel better. I have taken six bottles of 'Golden Medical Discovery,' two of 'Favorite Prescription' and six vials of Dr. Pierce's Pellets. I have gained ten pounds. Can eat everything."

Dr. Pierce's Pleasant Pellets cure constipation.

## URGE ENACTMENT OF NEW ASSESSMENT LAW

Commissioners Favor Provision for Rhode Island Avenue Extension.

With certain amendments and suggestions, the District Commissioners have returned House bill 17,258 to Congress, with the statement that its passage would benefit greatly and at once all property in the vicinity of the extension. The bill provides for a rearrangement of the assessments for the opening of Rhode Island Avenue between Florida and Le Droit Avenues.

The purpose of the bill is to revoke all assessments for benefits under the provisions of the act of February 10, 1899, and to provide for new assessments by the Board of Equalization and Review.

The act under which the avenue was extended provided that one-half of the amounts awarded by the jury as damages should be assessed as benefits on property within a prescribed area, and it is the intention of the present bill that this assessment shall be nullified and new assessments levied, "so that such assessments shall not exceed such actual benefits."

## TRIUMPHS OF 1902.

Seldom if ever in any one year of the history of the world have so many important events of universal interest taken place. America, England, Germany and France have each participated. The President of the United States welcomed and entertained H. R. H. Prince Henry of Prussia at the White House, Edward VII was crowned King of England and Emperor of India, the German Emperor had his American-built yacht, "Meteor," christened; France had the unveiling of the Rochambeau Statue, and at all functions attending these celebrations Moet & Chandon's Champagne was used exclusively. This indeed is an unparalleled record, which is proof positive of the superiority and popularity of the renowned brand of Moet & Chandon White Seal.—Adv.
